Save Our Steinway

Seriously folks,

Our beautiful Steinway is one hundred and twenty-five years old (we think) and we know that it is in need of repair. In conjunction with Saint Peter the Fisherman Church we intend to have that repair done to allow us to continue to present some of the finest music in the area that includes piano, as so many of our concerts do. But it costs money and we need your help.

An anonymous donor has already agreed to match contributions dollar for dollar up to five hundred dollars for our project - can you help?

Our technician will grace our lovely instrument with a new action, parts, key bushings, hammers, wippens (what ever they are) and new bass strings, so our Steinway will be young again. If you are in favor of youth please consider supporting our restoration. Our piano will be ever so grateful and so will all of our future piano playing artists.

If you love the idea just fill out the form and mail your contribution to:

Piano Fund
The Fairmont Chamber Music Society
359 Arbogast Lane
Morgantown, WV 2658-8807

And all contributions are fully tax deductible.

Yes, I will help to restore youth to our piano. My contribution is:

____ \$25.00 ____ \$50.00 ____ \$100.00 ____ Other _____
